September 2020

Club Message

Hey Badgers,

As we all adjust to the ever-changing status of Covid-19 in our lives the phrase "Change is Constant" seems to be a motto.

Keeping that in mind, you will see on the calendar of upcoming events, most are listed as tentative. So PLEASE keep an eye open for emails from the club on upcoming event particulars.

Staying with that theme, the BLGS Club Show that was tentatively rescheduled for October has been cancelled and all eyes are on the 2021 BLGS Club Show.

Talk Soon,
Tamara Unger-Peterson
BLGS Newsletter Editor

*Happy September from
The Badger Diggin's.*

September Meeting – Calendar Time

From Laurie Trocke

The September meeting will be held on Saturday, Sept 12 at 10:30 at Riverside Park, Picnic Grove #1 in Janesville. We'll have a couple of canopies set up in case of rain, social distancing or masks required.

We'll be taking pictures at the September meeting for the 2021 calendar! if you have any specimens that you would like photographed, bring them along. If you have any pictures you would like to submit for consideration, please send them to glowyrocks@gmail.com.

Hope to see you all soon. Stay Safe!

Montana Indian Artifacts

From Matt Brady

My family and I just got back from Montana where my brother and I both found Indian artifacts and other neat rocks.

These were found in the Gallatin mountain range. I think it is mostly Jasper or agatized jasper but it was everywhere on the ground. I believe the Indian artifacts are both scrapers.

Also found petrified wood from the Tom Miner Basin.

Petrified Wood !!
